

AJIT PAL SINGH

Punjab, India

M: +91 8360309030 [Linkedin](#) E: ajit.iitb25@gmail.com

EDUCATION

Indian Institute of Technology, Bombay

Bachelor of Technology – Metallurgical Engineering and Material Science

Mumbai

OCT 2021 - MAY 2025

WORK EXPERIENCE

Emoha Elder Care (Bangalore)

Business Analyst

Bangalore

Dec 2025 – Present

- Analyze sales, lead funnel, and revenue performance across Home Care and Membership verticals, tracking **1,000+** conversions and **Rs 5+ Cr** business revenue
- Built and automated MIS dashboard using Microsoft Excel, CRM, and Zoho Analytics for real-time productivity and performance tracking
- Improved campaign and sales efficiency through lead-source analysis, conversion tracking, and performance-based BD lead reassignment across digital and inbound channels
- Worked cross-functionally with Sales, HR, Finance, and Tech teams, supporting **50+** sales executives and automating invoice and collection tracking processes

National Centre for Aerospace Innovation and Research (NCAIR)

Research Intern - Computer Vision

Mumbai

May 2024 – Jul 2024

- Built a real-time pose detection system using **YOLOv8** with **90% accuracy** and **15ms** latency, showcasing scalable backend engineering
- Developed modular data pipelines with async workflows and batching, enabling clean, maintainable, and extensible system design
- Integrated YOLOv8 and stereo-vision modules into a unified pipeline, similar to multi-service **integrations**
- Designed reliable data flows and processing logic, demonstrating strong data handling and backend problem-solving skills

TECHNICAL SKILLS

Languages: Java, Python, C++, JS (Basics), HTML (Basics), CSS (Basics), MATLAB, Linux

Core CS Skills: DSA, Object-Oriented Programming, Operating Systems, Computer Networks, DBMS

Tools & Databases: Git, GitLab, GitHub, LaTeX, SQL, MySQL, MongoDB, Advance Excel, Power BI

PROJECTS

Sales Performance Analytics Dashboard

Tech Stack: Power BI, Power Query, Excel, Data Analytics

May 2025

- Designed and developed interactive Power BI dashboard to track Sales, Profit, Refunds, and Target Achievement
- Built MoM performance analysis and KPI scorecards to monitor business growth and operational performance
- Identified business risks through return rate and delivery delay analysis, enabling data-driven decision-making

LRU Cache

Tech Stack: Python (DSA: HashMap, Doubly Linked List)

JUN 2025

- Built a custom doubly linked list + HashMap architecture to ensure constant-time eviction and retrieval
- Demonstrated deep understanding of DSA, memory efficiency, and caching system design

POSITION OF RESPONSIBILITY

Institute Indian Games Secretary

APR 2023 - MAR 2024

- Oversaw a **0.3M+** budget and conducted 10+ institute-wide athletic events with **1k+** participants
- Led 36 conveners and managed 4 Kabaddi and Kho-Kho teams (boys and girls), each with 12 players
- Formed the institute's first girls Kabaddi team & launched a YouTube channel with **13k+** views

Inter IIT Marketing Manager

JUN 2023 - DEC 2023

- Managed marketing for the 56th Inter-IIT Sports Meet hosting 2,500 participants with 18,000+ footfall
- Supported event operations with a **60 Mn** budget, coordinating stakeholders across 23 IITs

ACHIEVEMENTS

- Secured **98.03 percentile (JEE Mains)**, **95.3 percentile (JEE Advanced)**
- Awarded **Certificate of Excellence** for research internship at NCAIR
- Solved **300+ DSA problems** across platforms
